
Team Contract

Team Name: WA3

Course/Project: CS350

Team Members:

1. Ruth Akpalu - rakpa001@odu.edu
 2. Priscilla Cook - pcook002@odu.edu
 3. Daksh Patel - dpate024@odu.edu
 4. Alisa Smanpongse - asman001@odu.edu
 5. Didi Kone-Sow - dkone002@odu.edu
 6. Shawn Watkins - swatk004@odu.edu
-

1. Purpose and Goals

Our team's goal is to earn the highest grade possible while simultaneously fostering collaboration in an attempt to successfully complete the assigned project without missing any deadlines. We will work together to ensure all tasks are completed efficiently and to the highest possible standard.

2. Roles and Responsibilities

Each member has been assigned the following roles:

Team Member	Role/Responsibility
Priscilla Cook	Team Leader/Coordinator
Ruth Akpalu	Researcher/Data Collector
Didi Kone-Sow	Writer/Editor
Alisa Smanpongse	Designer/Presentation Creator
Daksh Patel	Technical Specialist/Developer
Shawn Watkins	Reviewer/Quality Assurance

- **Team Leader:** Ensures all members are on task, schedules meetings, and communicates with instructors if needed.
 - **Researcher:** Gathers resources and information needed for the project.
 - **Writer/Editor:** Drafts and finalizes written content.
 - **Designer:** Develops visuals, slides, and presentation material.
 - **Technical Specialist:** Handles technical aspects, coding, or analysis.
 - **Reviewer:** Checks for accuracy, consistency, and quality across all deliverables.
-

3. Communication Plan

- **Primary Communication Tool:** Discord
 - **Meeting Frequency:** Bi-Weekly and As Needed
 - **Meeting Platform:** Zoom
 - **Response Time Expectation:** Members are expected to respond to messages within 24 to 48 hours.
-

4. Decision-Making Process

- Decisions will be made through **majority voting**. In case of a tie, the Team Leader will make the final decision.
 - Significant decisions will require input from all team members.
-

5. Conflict Resolution

In case of conflicts:

1. Discuss the issue openly and respectfully as a team.
 2. If unresolved, escalate to the Team Leader for mediation.
 3. As a last resort, involve the instructor or supervisor for guidance.
-

6. Workload Distribution

- Tasks will be divided equally among members to ensure fairness.
- Members are responsible for completing their tasks on time.
- If a member cannot fulfill their commitment, they must inform the team immediately to redistribute the work.

7. Accountability

- Members are expected to attend meetings, contribute to discussions, and complete tasks by the deadline.
 - **Consequences for Non-Compliance:**
 - First offense: Verbal reminder from the team.
 - Second offense: Formal discussion with the team leader.
 - Third offense: Escalation to the instructor or supervisor.
 - Any member of the team who withdraws from the class prior to its completion is responsible for turning over all materials to the team members prior to departure. This includes all code, test plans, designs, user stories, requirements, etc. The departing student should meet with the team and inform them of any significant tasks left undone, and any possibly helpful observations regarding the project.
-

8. Signature

By signing this contract, we agree to adhere to the terms outlined above and collaborate as a team to achieve our shared goals.
